Dear Mark,

I am in receipt of the final invoice for the construction project recently completed at Neuqua Valley High School. I have submitted it for immediate payment to be mailed this week.

Thank you very much for the prompt completion of our construction project. The crew led by Chris and Jeremy was professional, courteous and most of all they paid great attention to the tight parameters and details of the job. The Administration of Neuqua Valley High School has been very impressed by Riedy Construction.

Most of all, please know that the teachers and students who use the classrooms with the new walls are thrilled with the new look and the absolute soundproofing provided by the walls we specified.

Thanks again for completing the project on time, within budget, and most of all with great skill, craftsmanship and attention to detail.

We look forward to upcoming jobs around our campus that may require the service of Riedy Construction.

Best regards,
