Re: Spicy Pickle - Naperville, IL

Mark,

I wanted to take the time to thank your company for the expert service we received and to say 'job well done' on the Spicy Pickle in Naperville. I wanted to mention my particular appreciation for your Superintendent, Cris Pradel. Cris did a superb job running this project from start to finish. He was an integral part in keeping this project on track and on time, while coordinating all necessary aspects with the building department, all local utilities and the daunting task of obtaining all of the required approvals and inspections with the health department.

Your entire team was proficient, respectful and most of all they paid great attention to the critical path schedule and details of this project. This project was well-staffed throughout, thus completing the project on time, within budget, and most of all with impressive skill, craftsmanship and great attention to detail.

I look forward to working with your company in the future.

Best Regards,

Brendan Charles
